

Community Health Outreach Worker

The Community Health Outreach Worker (CHOW) will report directly to the Director of Community Outreach. They will assist in identifying, designing, and implementing various community and outreach events. The CHOW will provide rapid HIV testing and counseling in various locations within the community to include clubs and on the streets. CHOWS will complete outreach reports and complete required paperwork for tests provided during testing and outreach. The CHOW will take part in community fundraising events and identify and recruit volunteers.

Nationz expects individuals to commit to our mission and values. The candidate must be able to work in a team environment with staff, volunteers, and collaborative partners from other Community-Based Organizations (CBOs), as well as work independently. Some evening and weekend work is required. A successful candidate must possess skills that support and enable sound decision-making, strong personal and professional boundaries, good judgment, and discretion.

- Knowledge of HIV, either through lived experience or past work experience, is preferred.
- Knowledge of other STI's and the ability to assess risk and have informed conversations about them.
- Comfortable working without judgment with persons living with HIV, or those at a higher risk of acquiring HIV.
- Communication skills to facilitate a dialog between community members, as well as other staff.
- Be willing to obtain Rapid HIV Testing and Linkage to Care certification, if not already certified.
- Be willing to receive training to become trauma-informed and interact with a diverse team.
- Understands social justice and can serve participants regardless of race, national origin, sex, gender, sexual orientation, gender identity/expression, age, religion, or disability.
- Knowledge of local community resources and their relationships with marginalized communities.
- Should have the ability to navigate services in different community settings including direct street outreach.
- Other duties as assigned.

Minimum Qualifications

- Must have a valid Virginia driver's license
- High School Diploma or equivalent
- Experience working in a customer-focused position
- Knowledge of HIPAA and ability to implement privacy and confidentiality practices
- Proven customer service and interpersonal skills
- Time management and organizational skills
- Ability to demonstrate superior teamwork behaviors
- Ability to work independently
- Proficient in MS Office and Windows

- Sensitive to confidential health information, substance use, sex work, and HIV-related issues
- Great communication skills, oral and written
- Cultural humility when working with a diverse population

Preferred Qualifications

- Bachelor's or associate's degree preferred
- Knowledge of and experience working with HIV prevention and care
- Knowledge of and experience with STI prevention and care
